## NOTHING DOING FOR THE LID WAS TIGHT IN PADUKE SUNDAY

### Board of Aldermen Have Caused a Flurry Among Chronic Violators of the Sabbath.

#### One Summons Issued--Saloon Men Call On the Mayor to Find Out Where They "Are At."

The lid is said to be on in Paducah again. It is supposed to have been on for several months past, but it wasn't. A few licenses were revoked, but a great many were not, and a few places were known to be doing a good business every Sunday.

The board of aldermen last Thursday not only refused to grant seven saloon keepers a license, but also announced that it would renew the license of no saloon keeper who is convicted, or any of whose employees are convicted, for violation of the law in connection with the business between now and June, when the license have to be renewed.

This has had the effect of "searing" them up, and yesterday it is said that the lid was on in earnest. It is understood that the police commissioners have ordered that the law be strictly enforced on Sunday, and that they mean it.

Yesterday afternoon Officers Singery and Hurley had a summons issued against George Goodman, of the G. H. Goodman company, to appear before the police court tomorrow and show cause why he should not be fined for his place of business being open on the Sabbath. The officers say that every Sunday men have been in the habit of attracting more or less attention near the passenger depot by their actions showing that they have been drinking too much and that frequently empty whiskey bottles are found in the depot waiting rooms, toilet rooms and around the platform. The whiskey is bought somewhere in the city and taken out there and drunk, largely by men from the local option regions in Graves. Yesterday a man from Mayfield was arrested with a bottle of liquor, and he said he bought it at the Goodman place, but did not know from whom he bought it. It is said the officers secured seven bottles in all with the label of the company on it, to use as evidence.

It is understood that Chief Collins has issued orders to all patrolmen to watch for suspicious bundles and bottles on Sunday, and to take in every man when they can see him been drinking, and compel him to disclose where he secured his liquor.

It is also reported the saloon men themselves are largely responsible for the lid's being on yesterday, as they are afraid they will be refused a license next June if they run any more risks.

Mayor Yelzer has revoked a few licenses during the past year, but the saloon men, under this procedure, was always able to re-enter business by applying for another license and paying extra for it, and promising to be good. There is a great deal of difference between this and having a general council that will refuse to issue him another license, no matter what position the mayor takes on the subject, and the saloon men seem to realize it.

A number of frightened saloon men are said to have called on the mayor today and asked if the council could arbitrarily refuse to issue saloon licenses, and could restrict saloons to certain districts, and were all informed that the city council could decline to issue a saloon license to any person either for cause, or without cause. A license is a privilege that the legislative board can grant or withhold at pleasure.

That the board of aldermen exploded a bomb in the saloon men's camp Thursday when they refused a renewal of license is plain, and it is likely that the lid will stay on for some time to come.

Mayor Yelzer and Chief Collins seem to be delighted with the stand taken by the board of aldermen, and declare that the saloons in the outskirts cost the city for police patrol, fully \$600 a year, directly or indirectly, and it will be a good thing to bring them all down where they can be easily watched.

It is understood from members of

the legislative boards, that before next June an ordinance will be passed limiting saloons to certain localities, as frame houses are now limited to certain localities. The boundaries outside which no saloon will be licensed are:

Ninth street to river.

Trimble street to Mechanicsburg.

"Yes, sir, the lid" was on yesterday, at least it was as far as I know," said Police Commissioner John Bonds today. "We had his Honor doing service as a weight on the lid." Of course there was some drinking, in fact I saw a good deal of it myself, but the whiskey was probably bought the night before this proposition of Sunday closing is a hard one, I can tell you, for I know. The only effective weapon we have is the threat to refuse to renew the license of those places that keep open on Sundays, and I have it advisedly that the council will do this and all violators will have their licenses taken up.

"Some of the saloons, we find, have spotters out and when they see a policeman coming a warning is given. In this way some evasions may be made, but ultimately they will be found out and the violators will pay the penalty."

## TEN PERISHED IN A PORTLAND BLAZE

### Many Frame Buildings Near the River Burned.

Five Bodies Recovered--St. Albans, W. Va., Visited Again By Destructive Blaze.

#### ONE MAN BURNED TO DEATH

Portland, Ore., Feb. 12.—Ten persons perished and ten were injured in a fire which swept destruction to frame buildings between Morrison, Alder and Westwater streets and the river this morning.

The district included several lodging houses. Five bodies have been recovered.

Boats along the water front quickly moved out into the river away from danger. Fire boats were unable to cope with the flames, all the burned buildings being frame.

Town Almost Wiped Out.

St. Albans, W. Va., Feb. 12.—This town was visited by fire for the second time within a month early this morning. Fire caught in a residence and ten buildings and the Baptist church were burned, loss \$75,000. Daniel Lewis was burned to death in the room, but his remains were not found.

Fire January 31 destroyed property valued at \$175,000 and only one business block is now left in town.

Longworth Back at Post.

Washington, D. C., Feb. 12.—Representative Longworth has almost recovered from his illness. He is looking a little perkier, and appeared on the floor of the house at noon. Half of the members of the house formed in a procession to give him a cordial greeting.

Dr. W. H. Pitcher, secretary of the school board, is confined to his home on West Broadway by an injured back. He slipped on the ice in front of the Blank Hardware Co. last week and since that time has been unable to come to town. His back was sprained or wrenched some way. He expects to be out this week. His many friends will regret to learn of the accident.

#### MEMBERS OF SENATE

Are Alarmed at the Situation in China.

Washington, Feb. 12.—News from China daily grows more alarming in character and even members of the senate are giving the matter serious attention. One senator, a member of the committee on foreign relations, conversant with every phase of the situation is convinced of its gravity, and is laboring assiduously to impress his views on his colleagues. He is convinced that Japanese are behind the trouble being fomented in China.

#### N. C. & ST. L. PRESIDENT DEAD.

Mr. John W. Thomas Died in Nashville.

Nashville, Feb. 12.—Major John W. Thomas, president of the Nashville, Chattanooga and St. Louis railway, died here early this morning. He was 76 years old, and began his railroad career as a station agent at Murfreesboro.

## TAX RATE WILL BE \$1.60 OR \$1.65 FOR '06

### Traction Company Proposition to Be Rejected, It Is Said.

This Will Require \$20,000 More for Repairing the City Light Plant.

#### NO NEW ISLAND CREEK BRIDGE.

From sources very close to the powers that be in the council boards it is learned that the tax rate for this year will, in all probability be \$1.60 and probably \$1.65.

The members have been giving the matter close study, and while the assessment totals are not at hand, it is estimated, from the information they now have in hand, that it will take a tax rate of \$1.65 to do what the boards wish.

From very reliable sources it is given out that the boards will probably turn down the street car company proposition for lighting the streets and fix up the city's plant, plant, and if this is done, it will require an appropriation of \$20,000 to put the city's electric plant in good condition. The boards want to do something this year towards securing a park site, or probably two, for the city, and an appropriation for this will have to be made.

The boards do not contemplate any other new appropriations, but want to have sufficient funds with which to take care of the imperative needs of the city, in every department, as they may develop.

The matter of a new bridge at Island creek, at Fourth street, will be passed up this year, but an appropriation for the Caldwell street fill, which will cost the city about \$2,800, will be made, and \$3,000 will be allowed for preliminary work on the proposed new sewerage district. This district will start at Ninth and Broadway and extend to Fountain avenue, and then North to the city limits.

#### PROMINENT MAN

Mr. J. W. Fry, Aged 72, Died at Melber Today.

Jacob W. Fry, of Melber, this county, died today at 11 o'clock of a complication of diseases, and will be buried tomorrow afternoon at the Odd Fellows' cemetery at Massac.

Mr. Fry was 72 years old and was born in Greene county, Tennessee. He lived at Brookport for a while and came to this county about twenty-two years ago. He leaves one son, Mr. J. W. Fry, the merchant and miller and postmaster at Melber, and was associated with his son in the ownership of the mill at Melber and a mill at Brookport.

#### SMALL BLAZE

In the Basement of the Presbyterian Church This Afternoon.

Fire was discovered in the basement of the First Presbyterian church, at Seventh and Jefferson streets, this afternoon at 2 o'clock. Some kindling and coal caught fire from the furnace. It is presumed. The firemen extinguished the blaze without any trouble and little damage was done. The church caught fire in the same place shortly after Christmas.

## ANNUAL ELECTION OF COMMERCIAL CLUB

### Mr. Joseph L. Friedman Tipped as Next President.

Sec'y Coons to Be Re-Elected—A Big Minnesota Company Desires to Locate Here.

#### NEW ICE FACTORY PROJECT.

The annual election of directors of the Commercial club will be held at the club Tuesday night at 7:30, and the officials desire as many members as possibly can, to attend.

After the election of the directors the new board will hold a meeting probably this week to elect its officials, president, vice-president and secretary.

There is a strong sentiment in the club to elect Mr. Jos. L. Friedman to the presidency and this will probably be done. It is proposed to have two vice-presidents, and Mr. George C. Wallace, the present incumbent, and Mr. Harry Rhodes are favorably considered for these offices. Mr. Coons will be retained as secretary. He has made a most excellent official, and has done splendid work for the city and club.

#### Big Concern Desires to Come Here.

A representative of a large manufacturing concern of Minneapolis met with the directors and some members of the Commercial club today at 2 o'clock to consider a proposition from this company for the location of a plant in Paducah.

The company manufactures metal wheels, toy wagons and kindred lines and would employ, at first, 400 hands with the probabilities of an increase. It is said, in five years, to 2,000 employees. It is the biggest proposition the Commercial club has had for some time, but whether anything can be done with it remains to be seen.

The company wants a free site and a big sum of money as a bonus for locating the plant here, and the club is to consider whether or not it thinks it can be raised.

#### Ice Factory to Be Started Soon.

George A. Morris of St. Louis, is at the Lagomarsino Hotel. Mr. Morris is promoting the proposed new ice factory for Paducah, and is here to hold a final consultation with local men who are taking an interest in the project. It was given out today that all the arrangements have about consummated, and that work on the buildings would start very soon. It is proposed to have the plant ready for operation about the 1st of June. It will have a daily capacity of 100 tons of ice, and the promoters already have orders for over 55 tons a day.

The company has contracts from over 500 consumers, it claims, for five years, and will sell its product at 25c per 100 pounds. The present price of ice is 40c per 100 at retail.

The company will be incorporated under the name of the Consumers Ice Co., and will have a cold storage plant in connection. It will probably secure the building now used by the Southern Peanut Co. on South First street.

Local people will be interested to the extent of \$20,000, and the company will be capitalized at \$100,000.

#### Ten Days to Complete Hotel Deal?

Mr. Jos. L. Friedman left yesterday for Chicago to consummate the sale of the Palmer Hotel and Kentucky theatre to Chicago interests.

"It will take about ten days to close up all the details of the sale," he said yesterday, "but we expect to be ready to begin the work of remodeling the hotel in a very few weeks. Another story will be added to the building, the old building will be gutted, and a modern hotel made of the structure. It will be handsomely furnished throughout and will be, in every way, a hotel befitting Paducah."

The plans of the new company which will take over the hotel and the theatre properties, include an annex on the site of the theatre at some future date, but for the present, it is thought, that with the one-story addition to the present building, the hotel will be large enough for a few years yet.

#### 104 Cadets Graduated.

Annapolis, Feb. 12.—A hundred and four midshipmen graduated from the United States naval academy today.

#### PADUCAH DELEGATION

Is in Frankfort—Interested in Several Bills.

Frankfort, Ky., Feb. 12.—A delegation of citizens and officials of Paducah and McCracken arrived this morning to appear before committees having under consideration local option, drug and child labor bills, in the party are: J. M. Lang, E. B. Johnson, M. Burnett, R. T. Lightfoot, E. J. Bergdoll, T. Starks, W. C. Gray and L. A. Lagomarsino.

#### TEN MEN DROWNED.

Boat Had Almost Reached Land It Capsized.

Inverlordon, Scotland, Feb. 12.—The Trawler Valencia, of Norway, was lost off Lossiemouth, and ten men were drowned. The crew was forced to desert the vessel and got away safely in a small boat. The boat was within a few feet of safety when it capsized and all were drowned.

## THIRD DISTRICT HAS TO HAVE RELIEF

### Wants it at Expense of the Second and Fourth.

A Lively Row is Now in Prospect Among the Democrats of the Districts.

#### NEW BILL IS TO BE OFFERED

Frankfort, Ky., Feb. 12.—Congressional redistricting at the present session was further complicated this morning by the announcement that the Democratic leaders of the Third Congressional district will attempt to secure some relief and at expense of their Democratic neighbors of the Second and Fourth districts. They want the Second district to take over the Republican county of Ohio and the Fourth district to take Butler county, with its Republican majority of above a thousand.

To do this was agreed upon yesterday afternoon by the legislators party in the Third district at a meeting held at the Capital hotel. They will present their ideas in a bill separate and distinct from the one now pending, which contains proposed changes as to the Eighth district and the Adair county change proposed by James Garnett, of Adair.

They see that this bill is now much complicated and prefer to take their chances apart from it.

Fourth district Democrats who have heard of the proposition to unload Butler upon them in addition to Adair, are up in arms against it, and say they won't stand for it.

They say they have no such majority in the district as the Third district leaders credit them with having and point to the fact that the Fourth, only a few years ago, sent John W. Lewis, a Republican, to congress. On the other hand, Third district leaders say something must be done for them, as in the last election they carried the district by only 100 votes.

#### HANGED TO A BRIDGE.

Alleged Murderer Was Lynched at Gadsden, Ala.

Gadsden, Ala., Feb. 12.—Bunkle Richardson, a negro, charged with assault on Mrs. Sarah Smith, July 15, last was forcibly taken from jail here and hanged to a bridge of the L. & N. railroad across the Coosa river.

Twenty-four masked men went to the jail, overpowered the sheriff and made short work of the prisoner.

Of the four negroes charged with the crime against Mrs. Smith, one of the most fiendish ever committed in the state, two were legally executed, the third, Will Johnson, recently convicted and sentenced to death, but last week was reprieved by Governor Jelks, by sentence to life imprisonment.

Richardson, the man lynched, had not been indicted, but was in jail awaiting the action of the grand jury.

#### Death From Consumption.

Robert Simpson, aged 30, died at Massac from consumption yesterday, and the funeral took place today, burial at New Hope.

Every fool knows whom he hates, but it takes a wise man to tell whom he loves.

## FLORIDA LIMITED WAS IN A WRECK

### Several Cars Went Down an Embankment.

Accident Happened Thirty-four Miles Out of Nashville and No One Was Fatally Injured.

#### WRECKER SENT OUT OF HERE

Nashville, Tenn., Feb. 12.—The Illinois Central, "Chicago Florida Limited," leaving here last night at 7 o'clock for Chicago, was wrecked at Chapmanshoro, thirty-four miles west of here. The engine, baggage car and smoker, and first chair car were derailed and overturned. Conductor S. A. Cherry, Engineer Chas. McGee and two passengers were injured. How seriously is not known. Six others were slightly hurt.

The first news of the wreck in Paducah came in the way of a telegram from Nashville ordering out the Paducah wrecker with full crew. The telegram came about 9:30 and by 10 o'clock the crew was ready. The wrecking train was dispatched out of Paducah at 10:05 o'clock and made the run to Princeton in just a fraction over an hour. The crew had orders to hurry and it did.

Dr. D. G. Murrell, assistant chief surgeon of the I. C. road, left Paducah on the wrecker, but turned back at Princeton. He secured a telephone report of the accident at Princeton.

The train was No. 26, the fast Florida-Chicago limited, engine 648. The train was in charge of Conductor Cherry, Engineer C. J. McGee and Fireman B. Stanfield. The train left the tracks on a straight line and went over an embankment, and the cause is supposed to have been an obstruction placed on the track.

The engine, baggage car and one first-class coach and smoker were overturned. The injured are Engineer McGee, Conductor Cherry and Fireman Stanfield with two passengers, the latter being seriously injured.

Six other passengers were slightly injured. The report showed no one to be fatally injured.

## DYSPEPSIA-PROOF.

How Any Meal Can Be Thoroughly Enjoyed By Any Stomach.

Men, as a rule, are first discovered by their enemies. Their antagonists turn on the searchlight, and the proof of merit will lie in being able to stand the flash.

It was only in this way that Mr. White ever knew that dyspepsia was one of Mr. Black's worst enemies. Sitting face to face at a two-by-four table, he handed his afflicted friend the bill of fare:

Oyster Cocktail. Stuffed Olives.  
Boston Clam Chowder.  
Strained Gumbo.  
Sirloin Steak with Mushrooms.  
Roast Beef Hash.  
Boiled Ox Tongue with Sauerkraut.  
Lobster a la Newberg.  
Baked Pork and Beans.  
Combination Crab Salad.  
Hot Mince Pie.  
Pineapple Fritters.

Mr. White ordered a "little of each." Mr. Dyspepsia Black ordered crackers and a glass of milk. "I had such a big breakfast this morning," he said, "that I'll just take a bite to keep you company." But Mr. White could not be deceived; "I am afraid you can't stand the gleam," Mr. Black. Why don't you say you have dyspepsia and be done with it? You'll always have that hungry look anyhow as long as you have dyspepsia. Now listen. My stomach was in just as bad condition as yours at one time. But now I can eat anything, at any time. For instance, this clam chowder or sirloin steak or even the lobster would be just as welcome to my stomach as your crackers and milk. You don't realize how this dyspepsia business is robbing you of your spirit of your energy and ability to think quickly. I can't help notice it. You haven't the cheer and sociability you had three months ago. Now I'll tell you what to do, and thereat the cheerful Mr. White took a vial from his pocket and extracted a wee tablet. "There, there is a tablet that contains an ingredient, one grain of which digests 3,000 grains of food. For even the worst dyspeptic it's the only thing that really gives relief. The reason is it relieves the stomach of nearly all the work it has to do digests everything in the stomach and stimulates the gastric juice. I can't get along without them. They are Stuart's Dyspepsia Tablets. You can get them anywhere on earth for 50c a package."

Yes, it is true, Stuart's Dyspepsia Tablets absolutely stop heartburn, nausea, indigestion, dyspepsia of the worst type, sour stomach, bloaty feeling and all eruptions and irritation, and freshen and invigorate the stomach. They cheer you up, and make you get all the good there is in your food. You will forget you ever had a stomach to worry you.

## Theatrical Notes

### "The Maid" Arrives.

"The Maid and the Mummy" company arrived today from Evansville, where it played Saturday matinee and night, and will be at The Kentucky this evening. Yesterday's Evansville Journal-News says of the performance:

"Richard Carle's entertainment was no disappointment to the two audiences that witnessed it at the Grand yesterday, matinee and night. While 'The Maid and the Mummy' is popularly classed as a musical comedy, it is not such in the strict sense of the word. It has many of the elements of musical comedy, but it has in addition some of the best points of burlesque, extravaganza and light opera. The dialogue is brisk, clever and up-to-date, the music is of the haunting kind that is

whistled and hummed by an audience as it flies out of the theater. Then the chorus must not be forgotten. This lively aggregation consists of thirty people, mostly girls, and girls that are good to look upon.

Miss Margaret Buchanan, with "The Maid and the Mummy," at The Kentucky Tonight.

Special scenery is carried and the costumes are pretty. The following is a general outline:

"Washington Stubbs is an actor-manager, whose theatrical ventures have proven so unprofitable that he has been forced into other business for a livelihood. At the time the story opens he is engaged in selling his theatrical properties as genuine antiques. Business is very bad. Dr. Elshu Dobblus, a scientist, fondly imagines that he has discovered the elixir of life, and is in search of an Egyptian mummy upon which to experiment. Stubbs hasn't an Egyptian mummy in stock, but that fact doesn't worry him. He palms off his property man, Bolivar, on the unsuspecting doctor. During the second act everything leads up to the great experiment which ends the play, and which naturally, when it comes off, quickly undecives the doctor.

"Incidental to the story of the mummy are two stories of malds and their love affairs—one an actress, Trilix Evergreen, who wishes to marry Stubbs, and the other the doctor's daughter, Flo, who is in love with a fire-eating, kissing crazy Brazilian, Don Romero de Calabos. Of course, both of these love affairs have a pleasing termination. "The principal musical numbers in the first act after the opening chorus are 'My Gasoline Automobile,' 'Flo,' 'The Sales Lady,' 'Sad Experiences,' 'The Poster Diversity,' and 'Oh, Bee, It's Great to Be Crazy' and in the second act 'My Egyptian Queen,' 'I'm So Dizzy,' 'The Congress of Nations in Ragtime,' 'I Feel in Love With Polly' and 'Peculiar Julia.'"

### Dudley Stock Company.

Beginning on Tuesday night and balance of the week the Frank Dudley Stock company will begin its engagement at The Kentucky. Mr. Dudley is well known in Paducah, having played the house for the past two seasons, always giving satisfaction by giving Paducah theatergoers the best line of attractions to be had at popular prices. Mr. Dudley has with him this season a company of twenty artists who are high class comedians and vaudeville people, and are well up in all the bills that will be offered here for the approval of the theater patrons.

On Tuesday night "A Mountain Girl" will be presented. This is a four-act pastoral comedy drama, containing many beautiful lines and sensational climaxes. Tuesday will be ladies' day, as ladies will be admitted free on that night when accompanied by a person holding a paid 30 cent ticket, if purchased before 5 o'clock on Tuesday afternoon. Matinees will be given on Wednesday and Saturday at the usual hour.

The only lodges now existing in Western Kentucky are the Otega, in this city, and the Paduke, in Murray.

### Box Party.

The Evergreen Circle, W. O. W., will give a box party, Wednesday night, Feb. 14th, at Broadfoot's hall. Everybody cordially invited.

## MAYFIELD HAVING MANY ACCIDENTS

Young Man Had Foot Mashed Almost Off Between Cars.

Nearly a Dozen Accidents Are Reported for the Past Few Days.

NONE OF THEM WAS FATAL.

Lon Sanderson, aged 25, residing near Mayfield, Ky., met with a serious accident Saturday night while crossing through a string of freight cars at Mayfield. He did not wait for the engine to pull the cars clear of a crossing, and in attempting to jump through got his left foot badly mangled, but not sufficient to necessitate amputation.

Sanderson was in a hurry and coming to the string of cars, without investigating the intentions of the switchmen and engine crew, jumped in between. He had his left foot on the drawhead when the cars came together with a bang. His foot was caught and mashed.

The young man was removed to a nearby house and physicians summoned. He was later taken home and an investigation showed amputation would not be necessary.

It seems that Mayfield has been struck by a streak of bad luck during the past several weeks, as several persons have suffered broken arms, legs and sustained other injuries.

The streak began when Major G. W. Saunders, formerly deputy U. S. marshal, shot himself accidentally in the leg and the leg had to come off. Next came D. Randolph, a painter, who fell from a train and was badly broken up. This was followed by at least half a dozen accidents at the skating rink, the latest happening to Dr. J. Herman Roswell who broke his left wrist and thumb last week.

Dr. John L. Dismukes, of Mayfield, was in the city last night and gave out a list of the accidents in Mayfield the past three weeks which have resulted in amputated legs or fractured members.

The following are the names: Charles Jones, stepped from a wagon and sustained compound fracture of the leg.

Jonah Burns, right leg amputated the result of a runaway.

Denton Harris, left leg broken in skating rink.

Joe Williams, leg broken in accident.

D. Randolph, leg and arm broken in falling from a train.

J. H. Roswell, arm broken at skating rink.

Lon Sanderson, foot mashed in railroad accident.

W. H. Hall, right leg broken by mule falling against him.

George Saunders, leg amputated, result of an accidental pistol wound.

Will Percell, finger broken at skating rink.

Miss Letha Puryear, of Paducah, wrist sprained at skating rink.

Dr. Dismukes stated that several other minor accidents had occurred too small to take notice of.

### A FAIR TRIAL

Will Be Given the Two-cent Railroad Bill in Ohio.

Columbus, Feb. 12.—Announcement by the railroads that no attempt will be made to contest the Ohio two-cent-a-mile bill in the courts. Railroad officials claim they will give the new law a fair trial before making objections.

Pleased With the Paducah Water Plant.

Mayor John T. Adams, Councilmen M. V. Little and Peter Griffith and Supt. of Water Works David Frusta, of Murphysboro, Ill., were in the city Saturday afternoon and made an inspection of the Paducah water works. Murphysboro desires to install a filtration plant, but wants first to inspect some of the best in operation, and came to the right place. They were outspoken in their admiration of the Paducah plant, and expressed themselves as satisfied there is not a more complete or better managed company to be found anywhere.

### Skating Rink Under a Tent.

The roller skating rink craze seems to have struck Paducah in earnest. Not content with the sidewalks and streets down town, which are smooth and good for roller skating, and with one big rink, a skating rink under a tent is to be established on the vacant ground where the tobacco warehouses formerly stood, at Tenth and Broadway. Wes Flowers is today preparing to put up a tent and will build a floor and in a short time have a full-fledged rink running there.

The "head" of a cigar is the only part that requires very much time or skill to form. And it's just the part that's wasted.

## OLD VIRGINIA CHEROOTS

Package of 3 for 5 Cents

(A cheroot is a cigar made without the head)

Old Virginia Cheroots are all cigar. You pay for what you smoke; 5 cents for three of them—and not a penny for useless "heads".

Good tobacco, well blended and clean. A full-flavored, satisfying smoke that's worth the money in quality and quantity both.

Sold wherever they sell tobacco

Three good cigars for your 5 cents instead of one because you don't have this useless "head" to pay for.

## The Telephone Muddle Expected to Be Settled at Conference Tomorrow

The mayor, the general council, the city solicitor and the attorneys for the Cumberland Telephone company, Wheeler, Hughes & Berry, of the city, and general counsel, W. A. Granberry, of Nashville, will meet at the city hall tomorrow morning at 10 o'clock to take up the matter of a franchise to the company, and agree on a settlement of the differences between the city and the company.

Just what will be done cannot authoritatively be stated, but it is said the company will take a twenty-year franchise, and that the rate for the telephone service will be fixed, probably at a maximum of \$50 a year.

The city and the company have been wrangling over this question for some time, and this council has taken the matter up with the view of settling it. They have found the company disposed to do what seems the right thing, and they have also made the company what the company deems a liberal proposition, so the matter will probably be settled to the satisfaction of every one," said one of the attorneys today.

## Daily Thought.

To glorify the common offices of life, that is the grandest part of a woman's work in this world.—J. Duryea.

## THE USUAL TACTICS.

Mayor Dunne, of Chicago, does not appear to desire that the public know the truth about municipal ownership. He seems willing that the city of Chicago sacrifice everything to a theory, and in carrying out his rule-or-ruin policy, attempts to suppress anything that he thinks might show his people the fallacy of practical municipal ownership in this country. The Chicago Tribune thus describes Mayor Dunne's antics:

"Has Mayor Dunne a moral right to persist indefinitely in making Chicago ridiculous in the eyes of Glasgow and other communities by his childish conduct concerning the so-called Dalrymple report? At his request Glasgow sent Mr. Dalrymple to Chicago to advise about the traction solution. He came and embodied his advice in a brief report which he sent to the mayor. His Honor, not liking its drift, refused to make it public and tried to justify suppression on the claim that Mr. Dalrymple was his personal guest and came at his cost. Finally the city council formally asked the Glasgow council for Mr. Dalrymple's views—meaning his report—on the Chicago traction question.

"Postponing for the moment a reply to this request, and with the evident purpose of showing Mayor Dunne every possible courtesy, the town clerk of Glasgow has now notified him of its receipt and asked if there are any real reasons for further secrecy in the matter. The town clerk's letter states that the original request for Mr. Dalrymple's aid was understood to be made in behalf, not of any private individual, but of the city of Chicago; that it was 'fully expected that any report made by Mr. Dalrymple would be accessible not only to the council of Chicago, but to the council of Glasgow, and that unless Mayor Dunne is prepared to submit Mr. Dalrymple's report to the council of Chicago or to show some good reason why it should not be submitted to them or to the members of the Glasgow council, Mr. Dalrymple will be directed to report to the latter body.

"Mayor Dunne's reply is unworthy of his office and of his city. He merely reiterates the claim—trivial, even if accurate—that Mr. Dalrymple was his personal guest, and the further claim, undignified at best, that the report is his absolute property, because he paid Mr. Dalrymple's expenses, and deprecates its publication unless materially changed. What must Glasgow think of Chicago, judged by this pettifoggish treatment of an important public matter? It is to be regretted that the mayor's sense of honor falls before the idea of a private citizen's calling upon a foreign municipality

to 'please' lend me your tramway manager for thirty days for my private use—all his expenses paid."

The Louisville Courier-Journal pauses to inquire:

"How is it that the comic opera concoctors have neglected to dramatize Mayor Dunne's municipal ownership performances?"

## HOW CAN THE CITY DO IT?

The figures given out by the joint light committee of the general council after fully investigating the cost of the city light plant are conclusive, and are a revelation to those who have been trailing about after the municipal ownership will o' the wisp. The members of this committee have thoroughly investigated the city books, and the figures they give out are reliable. The members of this committee are Aldermen Palmer, Hubbard and Bell and Councilmen Williamson, Barnett and Katterjohn. Is there a fair-minded man in the city who thinks for a moment that any of these gentlemen would garble the figures, or in any way attempt to deceive the public?

About the only argument that is made to counteract the conclusiveness of the report is that the city can furnish light with the proper men and machinery as cheaply as a corporation; and that is virtually an admission that for ten years past the taxpayers have been ruthlessly robbed by the city; for if the city can furnish lights as cheap as it can get them by private contract, it has for ten years held up the public for more than was necessary.

Municipal ownership advocates do not attempt to explain why the city has not been furnishing lights as cheap as it can get them by private contract, nor do they attempt to explain how the city intends to reduce the expenses of the light plant now, and at the same time give the people more lights and a better quality of light than they are getting.

If the city can do it, how can it do it? Suppose it installs better machinery, how much will it save, and how will it save it? Will it require any less men to run the plant? Will it require any less fuel, less attention, less material, less labor?

New machinery would give us more lights and better lights, but how would it reduce the expenses of the plant so as to make the lights cost \$63 instead of \$84?

The situation is now this: It is admitted that the city has been paying more for lights than it can get them for now by private contract. The sentimentalists who want the city to continue to operate its light plant for the sole purpose of being able to say that the city owns its own light plant, simply say "We have been paying too much for lights, we admit, but we can furnish them as cheap as the other fellow."

This is a good argument for the city's continuing to operate its plant, provided those who offer it can make good. Let them demonstrate how they intend to do it, and everybody will then be satisfied to have the city continue to operate its plant. All the people want is the best and greatest number of lights at the least possible cost.

But the people want no four-flush.

The mayor does not appear to consider the question of his own eligibility and that of a member of the board of public works, parallel. Perhaps they are not, but it will require some tall hair-splitting to determine the difference. He claims his residence is on North Fourth street, and the other official claims his is on Broadway. The mayor actually lives eight or nine months in Arcadia in what he calls his "summer home," and the other official has built a home a short distance this side of the mayor's "summer home," and intends to reside there at least a part of the time, probably in the summer. They both intend to claim their residence in the city, and to vote from the precinct in which they claim their residence. If this is not their legal residence, then the law which permits them to vote from the precinct is entirely wrong. The mayor's case is really worse than that of the board of works member, for the charter explicitly stipulates that officers elected by the people shall "actually reside" inside the corporate limits, and declares that an official forfeits his office when he ceases to reside inside the corporate limits. The mayor is all right in many respects, but when it comes to his legal opinions—spare us!

It is said that the city has been paying more for many supplies than the same supplies could have been

thought for on the market at the time the purchase was made. The finance committee of the present boards is uncovering a lot of extravagance and genteel graft. It is said, on which friends of the gang have been waxing fat for many moons at the expense of the taxpayers. A member of the committee declares that the present boards, if they do nothing else, will show what the democrats have been doing.

Well, the city solicitor will decide that Mr. S. A. Fowler is ineligible to remain a member of the board of public works, because Mr. Fowler is to reside part of his time outside the city limits. Perhaps he is, but we are willing to wager ten to one that Mayor Yelser decides to spend the summer at his Fourth street residence instead of Arcadia this year, as a result of the decision.

If the finance committee of the general council would only give to the public some of the things it is learning from looking over the books and ascertaining what has been charged the city for various things furnished by friends of past administrations, the people would readily understand why it cost so much money to run the city and why there was so little to show for it.

## CLUES FOUND

INDICATING THAT MRS. MANGRUM WAS KILLED IN NASHVILLE.

Combs, Belt and Strip of Silk Found Near a Penitentiary Garbage Chute.

The intent from Nashville in regard to the Mangrum murder is that three side-combs, a belt and a strip of silk dress of some sort have been found near the "chute" of the penitentiary in West Nashville. The chute is a big iron pipe through which garbage is sent to the river. It is now believed that this is where Mrs. Mangrum's body was dumped into the Cumberland river, although one thing that still puzzles the police is how the body got over the falls at Lock A without being mangled. Some contend that it could have gone over without injury and others declare that it could not.

The convicts at the penitentiary remember seeing fresh tracks near the chute December 15th, the morning after Mrs. Mangrum disappeared, and the combs were picked up nearby. The combs are said to be those worn by Mrs. Mangrum, or ones similar. The fact that Mrs. Mangrum has never been traced out of Nashville inclines the authorities to believe that she was murdered there.

## MEDICAL SOCIETY

Will Probably Consider Black List Wednesday.

The McCracken County Medical society will meet Wednesday evening in the office of Dr. Horace T. Rivers, and the black list which the doctors have prepared, will probably be submitted.

The doctors at a recent meeting decided to get up such a list and will each have a separate list to present to the meeting. From each list the total will be made out, duplicated and furnished each doctor. This is a method employed among professional men in many circles, and it is said the doctors mean business and will adhere to the decision of the society in living up to the list.

The meeting will be otherwise interesting, there being two papers to read. The papers will be read by Drs. Horace Rivers and R. C. Gore, the latter of Lone Oak. A big attendance from county and city is expected.

## Shooting at Madisonville.

Madisonville, Ky., Feb. 12.—Henry Woolfolk, a negro, was shot and wounded here by Dr. John Barker in the saloon of Offutt & Carney. The bullet struck Woolfolk in the right cheek, causing a wound not considered dangerous. Dr. Barker claims that the negro insulted him, but the bystanders state that the darkey said nothing whatever to Barker. Barker is the company surgeon at Daniel Boone mine near here. He fired several shots at Woolfolk, but only one struck him. He started to shoot again when John Offutt, one of the proprietors of the saloon, told him that if he fired another shot at the darkey he (Offutt) would kill him. Dr. Barker was arrested and released on bond.

## WHERE WILL EDDIE GILLIGAN PLAY?

Reported He Has Signed With Dayton, O.

Paducah Will Object—Some of Chief Lloyd's Players for Season 1906.

## NOTES FROM OTHER PLACES

It is announced that Eddie Gilligan, captain and first baseman for the Paducah Kitty league team last season, has signed with Dayton, O., for this season, and an investigation will be made with a view to holding him on Paducah's reserve list, as intended.

The Paducah association has heard nothing of Gilligan's reported action, but will hold him if possible and if he refuses to secure his release here, will prevent his playing league ball this season.

According to the Cairo papers Gilligan has said all sorts of things about Paducah and the Kitty league, but his friends here do not believe it.

Kitty league team managers are beginning to "smoke up" on their line-up, and are furnishing the press with lists of players from which they expect to draw their pennant-winners.

The Indians' line-up will be the same as last season with a few changes. Land, Bohannan and Potts will be missed from the infield. Platt will be missed from the box, but Lloyd says he will get a team together that will equal the Indians last season, and this is what he has to draw from:

Pitchers—Dick Brable, Paducah; Weldon South, Frankfort, Ky.; Tom Miller, Brookville, Ind.; Wilgus, Proctorville, O.; Hawk, Winchester, O.; Ames, St. Louis; Ashton, Frankfort, Ind.

Catchers—Wiggam, Indianapolis, Ind.; Chennault, Beth Page, Tenn.; Rogers, Olney, Tenn., and possibly Grover Land, Paducah.

Infielders—Perry, of last season's team, Cincinnati; Pierce, Olney, O.; Kelly, Memphis, Tenn.; Hiley, St. Louis; Wetzel, Corning, O.

First Base—Hass, Middleton, O., and Conners, Washington, O.

Outfielders—Eddie Taylor Paducah, and McClain, of Cincinnati, both of last season's team, and from both of Cedra, W. Va.

G. W. Miles, of Springfield, O., guarantees to Mattoon, Ill., that he will put in a team there to finish 1, 2, 3, in the Kitty and wants \$175 a month for his knowledge and work.

J. H. Wilkinson, first base for the "Hoosiers" last season, has made the Mattoon team an offer. Wilkinson is a good hitter and a valuable man. He is being considered for the position of catcher. This was his position until he took to first base, the last two seasons.

Jim Freeman, better known as "Buck" Freeman, the man with the upshoot, who worked so effectively on the Indians, Jackson, Tenn., and in fact every team he has been in during the past four years, has been signed for a permanent position with the Evansville Central league team.

Baseball fans in Princeton, Ind., which failed to keep up the gait set by other Kitty league teams last season and consequently caused the early close of the league, is whooping things for representation in some league again this season. There is talk of forming a "pocket league." There was a balance of a little over \$18 left in the Princeton treasury after the business of the season was wound up. Had it not been for the sale of one or two players, Princeton would have come out "in the hole" financially.

The Inverness went up the Tennessee for a tow of ties today.

At a recent sale of condemned boats and other property by government officials at Keokuk, Ia., Capt. R. H. Pettibone, of Louisiana, Mo., bought the stern-wheel tug Stella, and Adams Bros., of Quincy, Ill., the gasoline boat Edith. The Stella was built under the supervision of Maj. M. Meigs in 1884, and has been doing river improvement work in the upper Mississippi river since. The sale netted \$1,117.—Globe-Democrat.

A Pittsburg dispatch says: Libel in admiralty having been filed against four steamers of the Pittsburg and Morgantown Packet company, application was made for the appointment of a receiver to wind up the affairs of the concern. The assets are said to be about \$35,000, and the liabilities \$60,000.

A Cincinnati dispatch says: Many of the towboats which arrived here within the last forty-eight hours have sought refuge in the local harbor. Stretched along the banks are the George Matheson, Robert P. Gilman, T. J. Hatfield, Otto Marmet, Hercules Carrell and a fleet of smaller boats. All of these will be ready for any emergency.

## LONG LEASE

OF THE HICKMAN LIGHT AND WATER COMPANIES SATURDAY.

Private Company Takes Them Over for Five Years—Twenty Year Extension Privilege.

The Hickman light and water plants at Hickman, Ky., were Saturday afternoon leased to the Hickman Ice and Coal company for a term of five years with the privilege of renewing the lease to twenty years.

The city of Hickman became tired running the plants at a loss. It is understood, and decided to allow a private company, which can do it cheaper, and by using the best men and material, do it better, to take charge.

By Saturday's lease, the Hickman plants cannot again be operated by the city for twenty-five years. If the private company lives up to its contract and desires to take advantage of its 20 extension privilege.

## JACK BURKE

Is Hurt Again By a Horse—Not Serious.

Jack Burke, employed at the Bon-durant commission grocery on North Second street, was injured seriously this morning while working about one of the delivery horses.

Burke was underneath the animal when it stamped him and kicked him on top of the head. He was felled and the temple artery in the head was severed. He died profusely before the doctor arrived.

He was rendered partially unconscious, but soon recovered and was taken home. He will be disabled for some time. Dr. J. D. Robertson dressed the injury.

Burke was injured a year or two ago by a horse. He was employed by the same firm and was kicked in the face and nearly all his teeth knocked out.

## IN THE COURTS

**Circuit Court.**  
The last two weeks of the present civil term of circuit court will drag slowly, judging from the way court has been going the last week. Judge Reed keeps up with his docket and few cases come up daily, court generally adjourning before noon for the entire day.

In the case of Josie Sebastiane against Lucile Thompson, the petition of the plaintiff was dismissed and an appeal granted. She tried to secure control of a house on West Kentucky avenue from the Thompson woman.

The case of the Western District Warehouse company against L. N. Crutchfield was dismissed as settled.

**County Court.**  
Ed Nance this morning qualified as a notary public.  
County Clerk Hiram Smedley was called to Frankfort last night on business with the state auditor.

**Marriage Licenses.**  
The following marriage licenses were granted Saturday and today:

Joe Wood, age 25, and Luile Hill, age 25, the former of Marshall and the latter of the city. First marriage of both.

Ernest R. Whitaker, age 26, of Murphysboro, Ill., and Flora M. Smith, of Cartersville, Ill., age 21. They were married by Justice John Hleisch at his residence yesterday at noon.

Iud Howard, age 26, of the city, and Minnie Arnold, age 25, of the city, colored.

John Roach, age 22, of the county, and Lola Scott, age 18, of the county, colored.

**Deaths.**  
I. R. D. Weldon deeds to Mrs. Virginia Weldon, for \$400, property in the West End.

**Suits for Divorce.**  
Frank Hamilton filed suit against Amelia Hamilton for divorce on the ground of abandonment. They married in 1887 and separated in 1897.  
Isabelle Miller filed suit against her husband, William Miller, for divorce, alleging abandonment. They married in 1894 and separated in 1897.

"I'd marry her if it wasn't for the fact that she's been three times divorced."  
"Why—By Jove, she must have lots of admirers now, then!"—St. Louis Post-Dispatch.

Mr. Sappelligh—Er—er—Miss Frostem, I came this evening to—er—er—press my suit.  
Miss Frostem—Well, you had better come some time on Tuesday. That is our ironing day.

The average husband soon learns that he's simply to play the part of a pin-cushion, in which his wife sticks all the darling needles that she doesn't use on his socks.

Mrs. Knicker—Is your husband an after-dinner speaker? Mrs. Bocker—No, but he does a powerful lot of grumbling during it.—Brooklyn Life

## ITS MERIT IS PROVED RECORD OF A GREAT MEDICINE

A Prominent Cincinnati Woman Tells How Lydia E. Pinkham's Vegetable Compound Completely Cured Her.

The great good Lydia E. Pinkham's Vegetable Compound is doing among the women of America is attracting the attention of many of our leading scientists, and thinking people generally.

The following letter is only one of many thousands which are on file in the Pinkham office, and go to prove beyond question that Lydia E. Pinkham's Vegetable Compound must be a remedy of great merit, otherwise it could not produce such marvelous results among sick and ailing women.

Dear Mrs. Pinkham:—  
"About nine months ago I was a great sufferer with female trouble, which caused me severe pain, extreme nervousness and frequent headaches, from which the doctor failed to relieve me. I tried Lydia E. Pinkham's Vegetable Compound, and within a short time felt better, and after taking five bottles of it I was entirely cured. I therefore heartily recommend your Compound as a splendid female tonic. It makes the monthly periods regular and without pain; and what a blessing it is to find such a remedy after so many doctors fail to help you. I am pleased to recommend it to all suffering women."—  
Mrs. Sara Wilson, 31 East 3d Street, Cincinnati, Ohio.

If you have suppressed or painful periods, weakness of the stomach, indigestion, bloating, pelvic catarrh, nervous prostration, dizziness, faintness, "don't-care" and "want-to-be-left-alone" feeling, excitability, backache or the blues, these are sure indications of female weakness, or some derangement of the organs. In such cases there is one tried and true remedy—Lydia E. Pinkham's Vegetable Compound.

## BOY AT MARION, KY.

PROVED NOT TO BE MISSING IN DIANA LAD.

Dr. Myers Could Not Find Identification Marks—A Louisville Story the Latest.

Dr. L. S. Myers, of Seelyeville, Ind., who has been for several months searching for his son, supposed to have been stolen by gypsies, and who was in Paducah recently, visited Marion, Ky., Saturday and was doomed to another and disappointment, as a boy at Marion thought to be his lost son proved to be the wrong boy.

People at Marion had concluded that the little fellow found there was son of the aged physician, but the father failed to find the nick in the ear by which he expects to identify his son.

Dr. Myers has confided to Hardy, Ark., it is thought to see a boy there thought to be his son. The public is generally interested in the quest and liberal donations are being made to assist the father in his search. The aged physician has exhausted a once small fortune in searching for the boy.

Since the announcement of a \$500 reward for the boy's return to his parents was made, and the chronicles of the father's exhaustive search published broadcast, many reports from all over the country have been received.

A late story is to the effect that the boy is being held a prisoner in Louisville by two men. A Chicago detective believes this story to such an extent that he is working up the case with a hope of earning the liberal reward offered.

## PECK BUTLER MEETS AN AWFUL DEATH

Well Known Former Kitty Player Killed at Jackson.

Fell Between Wheels of Freight Cars and Was Horribly Mangled in an Instant.

WAS WELL KNOWN IN PADUCAH

"Peck" Butler, the well known baseball player, is dead and baseball fans here and everywhere else that Butler is known will receive the news with genuine regret. Butler was killed Saturday night in Jackson, Tenn., while switchlag on the Illinois Central.

The Jackson, Tenn., Sun of yesterday gives the following account of Butler's death:

"Another one of those shocking accidents that are altogether too frequent, occurred last night and Wm. Ormand Butler, better known to his friends and the world of sport as 'Peck' Butler, was instantly killed in the Frogmoor yards of the Illinois Central railroad, a mile or so south of the city, at about half past seven o'clock.

"Butler, who is a professional ball player and was under contract with the Toledo, O., team for the season of 1906, was working temporarily as a switchman for the Illinois Central railroad here. He was on night duty and went to work last night at about 7:15, assisting to make up freight trains in the lower yards. He was working with Yardmaster Moore Parker and Foreman Robert Briggs. Switch engine 114, in charge of Engineer Robert Vantrees, was handling the cars.

"It appears that at about 7:35 the engine was pushing two cars north, and that Butler went in front of the head car to open the 'knuckle' preparatory to making the coupling. He was running backwards ahead of the car when his right heel was caught in a 'switch-point,' throwing him down backwards on the rail and the two cars passed over his body, mutilating it in a most horrible manner and causing instant death.

"The unfortunate man's heart and other internal organs were crushed out of the body and strewn along the track. The car wheels ran up his right leg, crushing all the bones; over his body and off his left shoulder. The head was not injured. The engineer noticed his lantern go out and stopped the engine as quickly as possible, and it was found that Butler was already dead.

"Butler was born and reared in Jackson, his father being Mr. John R. Butler, of South Royal street, at present employed as watchman at the Banner Lumber company. His age was twenty-three years. He was married about two years ago to Miss Mattie Gorman, of West Main street, and they have an infant daughter. They have been living on Bolivar street."

Butler's professional baseball career began with the organization of the Kitty league. He played with Jackson, Tenn., Cairo, Ill., and other Kitty league teams, and later went south to a team in Alabama. He played phenomenal ball and soon made his way into the southern league, finishing the season in 1905 with Memphis. It is said that his hitting in the last few games was a big factor in landing the pennant for that city in the southern league. He had been drafted into the Toledo team, and would have played with it this season.

### MIKE JOYCE

Is Alleged to Have Disposed of Brass Belonging to the Battle Owen.

Mike Joyce, white, who hails from Cincinnati, was arrested this morning by Officers Cross and Terrell for obtaining money by false pretenses.

Joyce is a steamboat man, it is said, and over a week ago some brass was stolen from Engineer Joe Flash, of the steamer Battle Owen. The brass was sold to Dick Sherrer, of the Jackson Foundry and Machine shops. The money paid was \$1.75 and Joyce is said to be the man who sold it. He will be given an opportunity in police court tomorrow to show how he came by the brass.

Reno, Nev., Feb. 12.—Mrs. W. E. Corey, wife of the Pittsburg steel magnate, is engaged in the mining business. She bought the Adaven mine, in the Eagle district, for \$20,000. Many mine experts claim it will become one of the greatest gold producers in the west.

### Brookport Eagles.

(The Eagle.)  
Mr. J. B. Garner Tuesday moved his family to Paducah, where they will make their future home. Mr. Garner said his home place here is Joe Mead's.

Richard McGregor, the editor of this paper, is now in fact a resident of Brookport, Massac county, Illinois. He was joined here Saturday by his better seven-eighth and his household goods, and now warms himself at his own fireside and reposes under his own vine and fig tree.

Mr. David R. Viascent died from old age. The remains were shipped to Almo, Ky., for interment. Two daughters and two sisters were with him when the end came. The deceased was an honored citizen and a Christian gentleman. He had been a member of the Baptist church for sixty years, being 79 years old at his death.

## A Test Will Tell

What Liquezone Can Do for You--and It Is Free.

You who are waiting—we ask you again to try Liquezone; to try it at our expense. You'll regret this delay when you learn what the product means to you. Do as millions have done—stop doubting; give Liquezone a test. Then judge it by results. Germ diseases—and there are scores of them—call for a germicide. Those are the diseases to which Liquezone best applies. Don't cling blindly to old-time remedies, if you don't find them effective. Let us prove the power of the new.

### What Liquezone Is.

The virtues of Liquezone are derived solely from gases. The formula is sent to each user. The process of making requires large apparatus, and from 8 to 14 days' time. It is directed by chemists of the highest class. The object is to so fix and combine the gases as to carry into the system a powerful tonic-germicide.

Contact with Liquezone kills any form of disease germ, because germs are of vegetable origin. Yet to the body Liquezone is not only harmless, but helpful in the extreme. That is its main distinction. Common germicides are poison when taken internally. That is why medicine has been so helpless in a germ disease. Liquezone is exhilarating, vitalizing, purifying; yet no disease germ can exist in it.

We purchased the American rights to Liquezone after thousands of tests had

been made with it. Its power had been proved, again and again, in the most difficult germ diseases. Then we offered to supply the first bottle free in every disease that required it. And over one million dollars have been spent to announce and fulfill this offer.

The result is that 11,000,000 bottles have been used, mostly in the past two years. Today there are countless cured ones, scattered everywhere, to tell what Liquezone has done.

But so many others need it that this offer is published still. In late years, science has traced scores of diseases to germ attacks. Old remedies do not apply to them. We wish to show these sick ones—at our cost—what Liquezone can do.

### Where It Applies.

These are the diseases in which Liquezone has been most employed. In these it has earned its widest reputation. In all of these troubles we supply the first bottle free. And in all—no matter how difficult—we offer each user a two months' further test without the risk of a penny.

Also most forms of the following:  
Kidney Troubles Liver Troubles  
Stomach Troubles Women's Diseases  
Fevers, Inflamations or Catarrhs—Injury or Poisoning—usually indicate a germ attack.  
In nervous debility Liquezone acts as a vitalizer, accomplishing remarkable results.

### 50c. Bottle Free.

If you need Liquezone, and have never tried it, please send us this coupon. We will then mail you an order on a local druggist for a full-size bottle, and will pay the druggist ourselves for it. This is our free gift, made to convince you; to let the product itself show you what it can do. In justice to yourself, please accept it today, for it places you under no obligations whatever.

Liquezone costs 50c. and \$1.

# HESPER

BY

HAMLIN GARLAND

COPYRIGHT, 1905, BY HAMLIN GARLAND

(Continued from yesterday.)

"It was his pet name for her. Few people know it. I don't think Louis knows it, for Ann considered the name absurd as she grew older and never refers to it. I think it is a pretty name, don't you?"

"Yes. It is beautiful." His eyes took on a misty look.

Hesper! Somehow the name expressed the poetry of the father's conception, and with little else to do the wounded man gave long hours to recalling and reliving his experiences with her as his nurse.

He longed with a great longing to see her again, but to his curious shyness had been added the humility of one who feels himself unworthy to ask any favor, and the troubled look which came now and again into the lines of his face made Louis sad. The boy identified him, made of him a wonderful being, better worth serving than any monarch, and in this strain he talked to Ann till she impatiently begged him to stop.

But in her secret heart Ann admitted that she, too, had been touched by the indelible charm of Raymond's voice and manner, but the question of how best to check his growing power over her brother's life had become a very serious problem, for as the days wore on he put her more and more completely as she ignored his hero.

Together Raymond and the boy read the little red book, mapping the points described as best they could—a task of some difficulty, for the traveler had purposely given mythical names to the towns, rivers and peaks. It had all been a wonderful tale to Philip Rupert, and he took care to have no stupid or vulgar name mar the perfect effect.

There was something in all this which refined and softened the young rancher. Joined with his love for "Hesper" as he loved to call Ann in secret, this boyish father's enthusiasm transmuted every reckless, bit of impulse into stern resolutions to enter upon a new life—a life with purpose and devotion in its course.

## CHAPTER VIII.

At last there came a day when the doctor permitted his patient to be clothed and seated in an easy chair, and calling Mrs. Barnett to him, Raymond asked, "Do you think Miss Rupert will see me now?"

"I will ask her," replied Jeannette with due appreciation of the romantic situation.

Ann rose to comply, with a little thrill of unpleasant excitement. She did not want to see him, and yet she could not decently refuse.

At the door of the sitting room Mrs. Barnett stopped, and the girl walked in alone, her face set in lines of cold disdain.

Raymond sat in a big, padded chair, with his back to the window and the sunlight streaming over his head. He wore a handsome gray dressing gown, and the linen at his neck and wrists was spotlessly clean. His hands were refined, almost delicate in effect—and his clean shaven face and his well brushed, abundant brown hair gave evidence of a most careful toilet. Something mysteriously solemn and sweet was in his eyes, and his lips trembled as he gazed her. "This is very good of you. Pardon me, won't you? I am forbidden to stand."

"I beg you, do not think of it." "Dare I ask you to be seated? I want to thank you more suitably than I have been able to do for what you did for me."

"Please don't, Mr. Raymond. I assure you I deserve no credit. I went out there under compulsion, and what I did was determined by pressure of circumstances. I'm not a bit of a heroine, and I do not like praise."

He was chilled by her tone and for a moment hesitated. "A sick man may be forgiven some things," he began to say at last. "I may as well confess that I have been longing to see you. I have been trying for many days to rise and dress in order that I might have you come in. You must let me ask your forgiveness for the rude way in which I received you that day. All that I did seem incredible to me now, like the action of another man."

A gleam of amusement crossed Ann's face. "I didn't blame you. I'm willing to admit that your position was trying."

He was too excited of mood to respond to her quizzical tone. "I had lived for years quite apart from any association with cultivated people, and besides I had begun to feel that I was wasting my life and had become irritable. I went to the ranch to pay off a debt, and I—well, I had fallen into a groove. You recalled me to better things."

"I and the bullet," she said rather flippantly, for she was becoming apprehensive of the trend of his confidences.

He ignored her interruption, or, rather, he played across it with something like his old time resolution. "It is due to you to know—or at any rate I desire to know—that I am not a fugitive from justice. Baker thought he was being funny."

"I am not so dull as you think, Mr. Raymond. I understood him perfectly."

"I am glad you did. It is true I am estranged from my family, but it is not due—My faults have never been criminal."

"Please do not feel it necessary to

explain," interrupted Ann. "It is painful to you, and—and it is wholly unnecessary. I beg you to desist. I hope you will understand that I am in no sense doubting you."

A shadow of pain crossed his face. Somehow the reality of their meeting was not as he had imagined it.

She, on her part, was angry and displeased with herself and resentful of his implied social equality, and yet he looked the gentleman, and his face was very handsome, very moving in its clear pallor. Suffering had infinitely refined its lines, but she could not forget his services as cook and cowboy, and, besides, she hated being perturbed. She resolutely changed the subject.

"Dr. Barnett says you are getting on splendidly and that you will soon be returning to the ranch."

"Checked and rattled by her manner, he plainly abandoned all further thought of coquetry to her and answered, wearily and sadly: "It will be a long time before I return to the life on the ranch. I have other plans now."

Ann half regretted her action and as she rose said, with a smiling assumption of easy, friendly interest which hurt him worse than anything she had hitherto spoken: "I think it wonderful the way you are coming on. We will see you at dinner in a few days."

"Thank you. I shall be down at the earliest moment," he quietly replied and leaned back in his chair, white and suffering, his eyes closed, his lips quivering.

Ann was well aware that she had not lived up to her higher self in this interview and that she had been cruelly unresponsive and distant with him. "And yet I don't see how I could have acted differently," she argued with her better self. "He must not go on thinking me more deeply interested in his life than I really am."

Mrs. Barnett was impatiently waiting for her return.

"What did he say?" she breathlessly asked. "I'm dying to know."

Ann answered with evasive indifference. "He thanked me again for my heroic action and begged pardon for his rudeness, all of which he might have spared himself the trouble of repeating."

Mrs. Barnett was on the scent for romance. "What else?"

"Nothing else."

"Poor fellow! He has been struggling toward this event for days. Only the doctor's express orders kept him from getting up ten days ago. He has been all the morning dressing for it, and now you tell me in that supercilious tone that nothing happened!"

Ann fired into anger. "What could happen? You needn't speak in riddles, Jeannette. What do you think should have happened? Come, now, you silly, romantic thing!"

Some note in her voice touched Mrs. Barnett, and she slowly replied: "Ann Rupert, you are the coldest, cruelest creature I ever knew. I know what you did to that poor fellow. You unmercifully snubbed him; you froze his gratitude on his lips. Of course you are utterly his superior"—she became weakly sarcastic at this point—"but you are not justified in stabbing a sick man to the heart."

"You're quite mistaken. I was very

## Epilepsy Fits St. Vitus Dance

Are nerve diseases, and unless checked, lead to destruction of both mind and body. The weak, shattered nerves must have something to strengthen and build them back to health. Dr. Miles' Restorative Nervine is a remarkable nerve tonic and stimulant. It strengthens the nerves, relieves the nervous strain, and influences refreshing body-building sleep and rest. Persistent use seldom fails to relieve these afflictions.

"I was taken with epileptic fits; had eleven in less than 12 hours. My father sent for our family physician, but he could do very little for me, and I grew worse every day, and at last they had three doctors with me, and I still got worse. My father heard of Dr. Miles' medicine and bought a bottle of Nervine and a box of Nerve and Liver Pills. I had taken only a few doses until I began to feel better. I took 12 bottles, and it cured me sound and well. It has been worth all the world to me. I recommend it wherever I go. You may use this as a life-long testimonial to the merits of your medicine, for I am enjoying the best of health, and feel that my life and health is due to this wonderful medicine." R. F. D. ## FACTS IN NATURE.

Not Only Do We Get Inspiration From Nature, But Health as Well.

For people who are run-down and nervous, who suffer from indigestion or dyspepsia, headache, biliousness, or torpid liver, coated tongue with bitter taste in the morning and poor appetite, it becomes necessary to turn to some tonic or strengthener which will assist Nature and help them to get on their feet and put the body into its proper condition. It is becoming more and more apparent that Nature's most valuable health-giving agents are to be found in forest plants and roots.

Nearly forty years ago, Dr. R. V. Pierce, now consulting physician to the Laval Hotel and Surgical Institute at Buffalo, N. Y., discovered that by scientifically extracting and combining certain medicinal principles from native roots, taken from our American forests, he could produce a medicine which was marvelously efficient in curing cases of blood disorder and liver and stomach trouble as well as many other chronic or lingering ailments. This concentrated extract of Nature's vitality he named "Golden Medical Discovery." It purifies the blood by putting the stomach and liver into healthy condition, thereby helping the digestion and assimilation of food and clearing the blood. Thoroughly it cures weak stomach, indigestion, torpid liver, or biliousness, and kindred derangements.

If you have coated tongue, with bitter or bad taste in the morning, frequent headaches, feel weak, easily tired, stitches or pain in side, back gives out easily and aches, belching of gas, constipation, or irregular bowels, feel flashes of heat alternating with chilly sensations or kindred symptoms, they point to derangement of your stomach, liver and kidneys, which the "Golden Medical Discovery" will correct more speedily and permanently than any other known agent. Contains no alcohol or habit-forming drugs. All its ingredients printed in plain English on wrapper.

The sole motive for substitution is to permit the dealer to make a little more profit. He gives you a good, acceptable substitute for "Golden Medical Discovery."

Constipation causes and aggravates many serious diseases. It is thoroughly cured by Dr. Pierce's Pleasant Pellets. One a laxative; two or three are cathartic.

Write to him.

"Nee! I've seen you alive to young men before. Oh, I'd like to see some man crush you! I'd enjoy seeing you crawl!"

Mrs. Barnett went immediately to Raymond's door and knocked. At his word she entered. He sat where Ann had left him, but Louis was beside him, showing him a new drawing.

"Isn't that wonderful!" said Raymond, holding the sketch in the air, his eyes aglow with pride in the boy. "If I could do that I would never be lonesome or restless. I wish I knew my use in the world as certainly as Louis does."

The young artist flushed with the pleasure. "It's just as wonderful to ride the way you do and throw a rope and all that. I'll teach you to draw if you want me to."

Raymond turned to Mrs. Barnett with a look in which amusement and a certain sorrow met. "I'm long past such instruction, had I haven't sense enough to keep out of mischief. You draw, and I'll do the posing. I'm a good poser. Don't you think so, Mrs. Barnett?"

"I don't know what you mean," said she, feeling vaguely his pain and discouragement—his disillusionment.

"I posed as a farmer and deceived good Don Barnett. I made up for a cowboy and fooled Baker and the rest of the squad. And now I'm posing as an invalid when I ought to be out on the ranch again. It's time I rode away to a new range."

Mrs. Barnett was alarmed at the undertone of bitterness in his words. "You must not think of even walking downstairs for a week."

"But I can't sit here and sink deeper and deeper into obligation to you," he answered. "What rights have I in this room? I'm only a poor, wandering ne'er-do-well, and your beautiful home makes me ashamed—more than ashamed—it fills me with a sense of guilt. I can walk now, and I ought not to stay another day."

Mrs. Barnett knew very well that his mood was due to Ann's life disclaim, and she realized, too, how difficult the task of diverting his mind from this foolish purpose would be. She said gently: "You were injured in our service, Robert, and it is our duty to look after you. You must not utter another word of this sort of talk to me or I will call Don, and then you will hear a voice that will make you quake. I tell you frankly I will not listen to your walking out of this room for a week."

Louis, who had been sitting in some wonder, trying to catch the undertone of this talk, put his hand on Raymond's knee and said: "When you go, I go too. Remember that."

It was interesting to Jeannette to observe that evening dress changed Ann's estimate of Raymond's character. The girl had to admit that he looked surprisingly well as he came slowly into the library just before the little Chinese chime sounded for dinner. Every trace of the cowboy, the man of sun smit, wild sweet plain, was gone. He was pale, languid, but self contained and wore his dinner suit with easy grace.

## CASE OF SUICIDE

HERMAN WEST, FORMERLY OF MAYFIELD, TOOK HIS OWN LIFE.

He Was Despondent, and It Was His Third Attempt Within a Year.

It has been learned that Herman West, formerly of Mayfield, Ky., and for several years police judge there, whose death was reported several days ago, committed suicide near Le Grande, Oregon. It was his third attempt.

He had been employed on the Observer there, and for a time was clerk in the Sommer House. He was out of work much of the time, however, and had also suffered from an abscess in the head. He went to Baker City and took morphine in his room in the Crabb Hotel, lying dead all of last Sunday before being found.

Last April, just before his marriage, he made an attempt to end his life in the Sommer House by taking morphine, but was rescued. In August he wrote a letter to his wife, telling her to look for his body near the brickyard. His friends were suspicious and intercepted it, and he was found in a stupor near the spot indicated, and was again brought around.

The third time he succeeded, leaving a note that he was better off, as his wife could collect his insurance, \$1,000.

He had been married eight months and had been drinking heavily for some time. His remains were buried in Oregon.

## Croup

Begins with the symptoms of a common cold; there is chilliness, sneezing, sore throat, hot skin, quick pulse, hoarseness and impeded respiration. Give frequent small doses of Ballard's Horehound Syrup (the child will cry for it) and at the first sign of a croupy cough apply frequently Ballard's Snow Liniment to the throat.

Mrs. A. Vilet, New Castle, Co., writes, March 19, 1902: "I think Ballard's Horehound Syrup a wonderful remedy, and so pleasant to take." For sale by Alvey & List and G. C. C. Kolb.

## GERMAN LEADER

Urges Emperor William to Make a Visit to America.

Berlin, Feb. 12.—Albrecht Wirth, the Pan-German leader, has published an appeal to Emperor William to visit America. Wirth argues that his presence in the United States would produce pro-German enthusiasm, which would result in an offensive and defensive American-German alliance, which would rescue Germany from her present isolation, and enable her to contemplate the Anglo-Japanese treaty more fully.

## Itch—Ringworm.

E. T. Lucas, Wingo, Ky., writes April 25, 1902: "For 10, to 12 years I had been afflicted with a malady known as the 'itch.' The itching was most unbearable; I had tried for years to find relief, having tried all remedies I could hear of, besides a number of doctors. I wish to state that one single application of Ballard's Snow Liniment cured me completely and permanently. Since then I have used the liniment on two separate occasions for ring worm and it cured completely. 25c, 50c and \$1 at Alvey & List and G. C. C. Kolb's."

### Safe Blowers Visit Harvey, Marshall County, But Get Only \$75 in Their Haul

Safe blowers executed a successful piece of work Saturday night at Harvey, Marshall county, Ky., six miles from Benton on the Benton-Mayfield road. They wrecked a safe, made a haul of about \$75 in cash and made good their escape, having performed their work and made their "get away" hours before the act was discovered.

The general merchandise store of J. H. Ivey, which also serves as the postoffice at Harvey, was entered some time after 10:30 o'clock Saturday night through the rear, the safe blown with nitro-glycerine and \$75 in cash and stamps taken. A lot of paper money amounting to more than \$100, was left, no doubt overlooked in the rush.

Ivey closed his store before 11 o'clock and went home to retire Saturday night. Sunday morning he arose about 6 o'clock and went to the store. On entering it he discovered everything in confusion and the wrecked safe showed clearly what had happened.

The door had been blown open and the safe nearly completely wrecked. Papers, books and the entire contents of the safe had been removed in great haste. The cash drawer in the safe had been relieved of its contents, but some paper money was left. Money seemed to

have been the sole object of the safe-blowers, as they touched nothing else as far as the proprietor could discover.

The burglars made good their escape, having had several hours to their advantage. It is not known which way they went, but is presumed they went to the nearest railroad, possibly at Mayfield, caught a train and left this section of the country.

No suspicious persons had been noticed about Harvey lately and it is thought the safe-blowers had been watching possibly from Paducah or Benton and arranged their plans before the attempt was made.

The local police were notified Sunday morning and are on the alert for any suspicious characters.

Subsequent developments reported by the Paducah police, who went to work on the case, show that the safe-blowers did not pass through Benton, but went to Clay Switch, between Mayfield and Paducah and boarded a freight train. Officers Hurley and Singery searched every incoming freight train at the yards and failed to find any one. One or two train crews remembered hobos getting on and off, but no definite description of any one of them was secured. It is presumed the men went south from Clay Switch. They are said to number two.

### City Solicitor James Campbell, Jr., Will Report That S. A. Fowler is Ineligible

Secretary of the Board of Public Works Saunders A. Fowler sent the following letter to Mayor Yelzer Saturday:

Paducah, Ky., Feb. 10, 1906.  
Hon. D. A. Yelzer, Mayor City of Paducah, Ky.:

Dear Sir:—The question of my eligibility to serve upon the board of public works on account of having moved my residence out of the city limits, having been raised, I respectfully suggest that this matter be referred to the city solicitor for his opinion, and if I am found for the above reasons, disqualified, I respectfully tender you my resignation to take effect immediately, or upon the selection of my successor. Respectfully,  
S. A. FOWLER.

The mayor has referred the question of Mr. Fowler's eligibility to City Solicitor James Campbell, Jr. When seen today Mr. Campbell said there is no question of Mr. Fowler's being ineligible, in his opinion, and

that he would so report to the mayor. When asked whom he would appoint as Mr. Fowler's successor, Mayor Yelzer said he had not yet given the matter any thought, as he had not received the solicitor's opinion, but that he would pick out a good, strong man for the position.

It is very reliably reported that the other two members of the board, Mr. E. P. Noble and Mr. John Rink-liffe, will ask to be relieved at the expiration of their terms, April 1.

Mayor Yelzer, when apprised of the report, said he had no one in view for the new board, but that he would have as good a one, he hoped, as the present one, which he says he had always considered as good as could be found in the city. "The board has done excellent work," he said, "and I am very sorry they can not continue in office. The new board will be non-partisan, I shall say now, but other than that, I do not know who will comprise it."

#### SMALL BLAZES

Called Out the Fire Department Yesterday.

The fire department reported two runs Sunday, neither amounting to anything serious. The first call came in from Fifth and Ohio streets at 9 o'clock in the morning. The residence of Mrs. Schraven was ablaze, the fire originating from a spark

the chimney. Little damage was done.

The second alarm came in from Monroe street at 8:30 in the evening. The chimney at the residence of Mrs. J. L. Lally, 1213 Monroe, burned out. No damage was done.

Came Near Being Robbed.  
Williz Griffith, Will Shelton and August Graf, of Mayfield, who are hunting in Mexico, have written to friends in Mayfield that a band of Mexicans stopped them without

doubt to rob and possibly murder them, but the opportune approach of a caravan saved them. They say that strangers to protect themselves from the Mexicans have to carry whiskey all the time to give the thieves when they ask for it.

### BAPTIST REVIVAL HAS NOT YET CLOSED

It Will Continue Until Wednesday, Perhaps Longer.

Atlanta Minister Heard By Many in Local Pulpits—W. C. T. U. Held Letter Day.

#### NEWS FROM LOCAL PULPITS

Large congregations were present yesterday at the three services held by Evangelist George T. Cates, of Louisville, at the 1st Baptist church. So great was the interest manifested that it was decided to continue the services until Wednesday at least. There were 22 conversions last night, and 20 additions to the church. There were also a number of professions at the afternoon service which was one of the finest that has been held.

The rite of baptism was administered this morning to 10 converts, all ladies, the men will be baptized to-night. There were also three conversions at the morning service. Dr. John S. Cheek, the pastor, will himself baptize all the converts and will do it gradually throughout the week as he has not recovered his full strength yet. He is better after his recent stay at Hot Springs, however.

Rev. Edward Thomson, Ph. D., D. D. and LL. D., of Atlanta, Ga., made three notable addresses yesterday in this city on "The American Sabbath—What Shall We Do With It?" In the morning at 11 o'clock, he spoke at the Broadway Methodist church. In the afternoon at 3 o'clock at the 1st Presbyterian church. And at the Trimbale street Methodist church at night.

Dr. Thomson represents the "World's Sunday Rest Congress" and the "Sunday League of America." He is an able and vigorous speaker and presented his cause very strongly. He pleased all who heard him.

Next Thursday will be observed as "Red Letter Day," by the local W. C. T. U. in unison with those throughout the world. This is in memory of the death of "Heavenly Birthday" of Miss Frances E. Willard, on Feb. 17.

Mrs. Dorothy Koger is superintend. ent of Red Letter Day and will have charge of the meeting. All members will have something to say or read, bearing on the life and work of Miss Willard.

There was one conversion and 2 additions to the 2nd Baptist church at last evening's service.

The quarterly business meeting of Hon. M. J. Fanning, of St. Louis, who recently delivered several fine addresses on Temperance here, will tonight at Burke's Chapel speak to the colored people of the city. Dr.

Fanning is a talented and interesting speaker.

The Evangelical church will be held at the church tonight at 7:30 and one of the matters up for consideration will be the election of a president of the congregation to succeed to the vacancy caused by the death of Mr. George Hock.

#### Hurt by a Belt

Latus Sullivan, a young man employed at the Columbia plant, formerly the Rex Mfg. Co., in Mechanicburg, was injured Saturday afternoon late. He stumbled and fell against a moving belt. His left arm was caught and badly bruised and his nose broken. The injury was dressed by Dr. J. S. Troutman.

#### Begins to Act as Substitute.

Sam Fields has arrived from Benton to accept a position as substitute postman in the local office. He has been a rural carrier out of Benton.
